1. Updates.

Ryan updated Dean's Council about CARES funding, and about NJ's move to Level 3 reopening and how Drew would consider reopening (we are already using the LiveSafe app, training, and pledge for students on campus) we will look at what has worked at other schools in terms of testing, living arrangements, athletics, etc.

2. DC Reviewed and Approved the minutes from Sept 2, 2020.

3. Feedback from Faculty Forum discussions.

Dean's council discussed the suggestion that Faculty Forum notes should be shared publicly; Forums are pre-faculty meeting discussions so should be free-flowing and faculty should be able to speak openly (this applies to recording as well). Some friendly amendments and edits were made ahead of the faculty meeting.
