

Dean's Council Minutes
November 20, 2019
Meeting in BC-106

In attendance: Jennifer Olmsted, Sandra Jamieson, Ed Baring, Tammy Windfelder, Peggy Kuntz, Deb Liebowitz

1. Approval of minutes
2. General Education.
Juliette Lantz came to present the status of the General Education discussion in CAPC, in particular the language requirement and the capstone experience. What is the effect here on the number of languages we can offer? Is this a binary up or down vote or can we consider other options that incentivize language study beyond one year/one semester (such as offering a micro-credential for a language).
On the subject of capstone, Juliette reported that CAPC has found 3 kinds of Capstone across the 28 majors that have Capstones, half of the departments have a course while the other half do not regularly staff and offer a course.
3. Faculty Handbook
4. Revision to the Religion Major
