

Minutes - Dean's Council
April 18, 2018

1. Dean's Updates and Approval of Minutes

(Deb is at the Space Committee Meeting for a presentation about Academic Space. Maria will host)

Space committee: previously existed. Potentially controversial, making decisions about faculty offices. Should it be elected? Sense that it should be appointed, but should have divisional representation. Recommendation that minutes be made available.

In divisions, can let faculty know about the reconvening of the Space Committee, which will have subdivisions: faculty space, instructional space, and student space.

2. Minutes

Approval of the Minutes from 4-11-18 and 4-13-18

3. Further discussion?

Drew-Drexel Articulation Agreements in Nursing and Nutrition (Ryan)

CAPC has reviewed these documents and suggested edits were made. For DC consideration and Division discussion in preparation for May faculty meeting.

This is for information only, it does not affect the curriculum.

4. Workload List

Lengthy discussion of various responsibilities to be recognized and accounted in the increased teaching load for the next two years. Discussion to be continued next week.
