GroupWise Downtime

We will be doing GroupWise updates on **Tuesday, July 20th** which will result in brief periods of downtime for GroupWise email services.

We will be updating the GroupWise Post Offices and GroupWise Internet Gateway to version 8.0.2. Most users will only observe less than 10 minutes of downtime when the server hosting their particular post office is updated and rebooted.

**The updates will occur between 5:30pm and 6:30pm on Tuesday, July 20th.**

The following GroupWise services will be affected:
- Employee Post Office – less than 10 minutes outage for users on this post office.
- Student Post Office 1 – less than 10 minutes outage for users on this post office.
- Student Post Office 2 – less than 10 minutes outage for users on this post office.
- GroupWise Internet Gateway – less than 10 minutes outage, generally only observed by users who use a non-Drew IMAP email client to access their email.

Only GroupWise email services will be affected by this maintenance.

Thank you in advance for your patience. As always, should you have any questions or concerns please contact us at cns at drew dot edu.

Thank you.
