Guest Policy

Purpose

The guest policy at Drew University creates a structure for students to host guests on campus, and residents to bring guests into their room/suite. In full support of the educational component of the mission of Drew University and the Office of Residence Life, we recognize that students who are commuting or living on campus are expected to view academic responsibilities as their primary goal. Therefore, an environment conducive to study takes precedence over socializing in the student’s residence on nights and weekends. Further, any type of violation of Drew University policy can harm the community’s ultimate goal of academic success. The guidelines for visitation are grounded in this academic mission and are designed to balance a student’s responsibilities with individual and group needs.

University Actions Against Non-Students

Persons who are not students but who violate Federal, State, or local laws or University policies may be subject to arrest, immediately banned from campus and/or may have their campus visitation privileges revoked. Student hosts are responsible for the conduct of their guests and for informing their guests of University policies. Hosts may be charged with the violation(s) of Daniel’s Dictionary that was committed by their guest(s) and/or for a violation of the University’s guest policy.

For students in family housing, the student is considered the resident, and their family members (spouse, partner, children, etc) are considered guest.

Residential Guest Policy

University housing is provided only for those students who have been assigned a room and have signed a housing agreement with the Housing Office. Other persons, or guests, have no right of entry into the residence halls, but are allowed entry by a sponsoring student.

- Resident students are permitted to host two guests for up to 72 hours within a 2-week period.
- During their stay on campus, the resident (host) is responsible for the conduct of their guest(s) and for informing their guest(s) of University policy and procedures.
- Guest(s) must have the approval of all the residents of the room/suite. The host is expected to communicate with their roommate(s)/suitemate(s) 24 hours in advance of the guest(s)’ stay. If the roommate(s)/suitemate(s) do not approve and the guest(s) arrive, the roommate(s)/suitemate(s) reserve the right to contact a Resident Assistant/Desk Attendant to appeal the stay. Residence Life staff reserve the right to intervene if a roommate’s rights are not being observed.
- Guests who are under the age of 17 are not permitted to stay overnight, unless they are the sibling of the host student.
- If it is determined that a guest’s stay is for the purpose of taking up residence, the student host may be charged restitution, face a student conduct charge and/or the guest may be restricted from further entry into the residence hall or campus grounds. Similarly, a guest may not have multiple, consecutive hosts for the purpose of taking up residency.
- The University reserves the right to deny access to any guest(s) without advance notice.
- Guest(s) with cars are required to visit the Department of Public Safety in Pepin Hall for a temporary parking pass, regardless of the time of their arrival or the duration of their stay.
- Guest(s) may not sleep overnight in a lounge. Guest(s) must sleep in their host’s room/suite.
- Guest(s) who are not properly registered or violate policy may be required to leave campus and their host may face student conduct charges.
- Students are asked to report suspicious or uninvited visitors to the Department of Public Safety at 973/408-3379.

Registering Your Guest(s)

Residents must register their guest(s) with the Office of Residence Life. Guest registration occurs online via the Residence Life website by completing the guest registration form. It must be completed by the resident who is hosting the guest. In emergencies, the Desk Attendant who is working in the complex where the resident resides can register the guest. Desk Attendants work Sunday through Thursday from 9pm to 12:30am and Friday and Saturday from 9pm to 2:30am. Residents must bring their guest to the Desk Attendant to complete the guest’s registration.

Desk Attendant desk can be located in the following areas:

- Tolley & Brown Residents: Tolley/Brown Main Entrance
- Welch & Holloway Residents: Welch Lobby
- Haselton, Baldwin, Eberhardt, and Riker Residents: Haselton Main Lobby
- Suites Residents: McLendon Lobby
- Hoyt and Asbury Residents: Hoyt Lobby

If the building in which the host resides does not have a Desk Attendant, the expectation is that the host will register their guest at the desk located in their complex and receive a guest pass. If the host and their guest(s) visit another complex, the guest pass will be accepted; there is no need to re-register with an additional complex.
Commuter Guest Policy

- Commuter students are permitted to host guests on campus. However, commuters can not host guests in the residence halls.
- During the guests’ stay on campus, the commuter student (host) is responsible for the conduct of their guest(s) and informing their guest(s) of University policy and procedures.
- Guest(s) are to be accompanied by their host at all times. If entering a residence hall, the commuter and guests of the commuter must be hosted by a residential student.
- The University reserves the right to deny access to any guest(s) without advance notice.
- Guest(s) with cars are required to visit the Department of Public Safety in Pepin Hall for a temporary parking pass, regardless of the time of their arrival or the duration of their stay.
- Guest(s) who violate policy or cause disturbances may be asked to leave campus and their host may face student conduct charges.
- Students are asked to report suspicious or uninvited visitors to the Department of Public Safety at 973/408-3379.
