Board of Trustees Biography Files

Drew University Archives

Also available in PDF.
Note: The Board of Trustee Biography files contain biographical material -- press releases, photographs, memorials, newspaper or magazine articles -- relating to the trustee's service to the university. They are arranged alphabetically by last name except at the beginning of the collection, where collected membership lists and biographical booklets are placed. Sometime after 2004, the collection was removed from boxes and placed in file cabinets, rendering the box numbers in this aid superfluous. The file is updated as regularly as necessary.
