## Finding more in-depth criticism:

Check the following resources available through the Library web site's [Research Resources](#) page.

### [Academic Search Premiere](#)

Indexes a broad range of popular and scholarly journals; provides some full text. 1975+

### [ProQuest Research Library](#)

Indexes, with some full-text, a wide range of popular and scholarly journals.

### [MLA \(Modern Language Association\) Bibliography](#), 1926 +

Indexes literary criticism in depth. Check the Drew Catalog to see if we have the journals needed.

### [Drew Library Catalog](#)

Search the author's name, last name first, as an LC subject heading. If you do an ordinary keyword search, you will find books by the author, as well as books about the author.
