Drew University Archives -- Serial Publications

Drew University Archives

Also available in PDF.

Note

This open collection consists of publications produced by various groups and departments on campus, e.g. student groups, academic departments, Alumni Relations, and University Publications, and contains newsletters, newspapers, magazines, catalogs, handbooks, directories, yearbooks, and various other formats of publication. These publications have been collected by the University Archives through the years, and the holdings are incomplete. Every effort has been made to identify the range of dates we hold for each publication; that information is presented in the following listing.

On a number of entries, a parenthetical note will identify those publications produced for or by one particular school at Drew.
BC = Brothers College , the earlier name for the College of Liberal Arts , used circa 1929-1950s; CLA = College of Liberal Arts ; GRAD = Graduate School ; THEO = Theological Seminary/School.

Most of the publications in this collection are housed in acid-free folders. This is noted in the following listing as 1:1, correlating to box 1, folder 1. As of 2007, the collection was removed from boxes and placed in file cabinets, rendering the box numbers in this aid superfluous. Subsequent additions to the collection may not be numbered. Some publications, however, have been bound and shelved separately, noted as Shelf F#.
